## About JELD-WEN

### DEDICATION FROM DAY ONE

Since 1960, when JELD-WEN began with one millwork plant, we've been dedicated to crafting windows and doors that enhance the beauty and functionality of your home. Today we continue that tradition with products that are durable and worry-free. It's the result of innovation as the driving force in all that we do. It begins in the forests where our premium lumber is harvested. In addition to responsible sourcing practices, we reuse and recycle as much of our raw resources as possible. Innovation is also at the heart of our design and manufacturing process. With JELD-WEN, you can expect products that are more than just beautiful on the outside. The inner workings of our windows and doors are engineered to function flawlessly for years to come.

# Help a Smaller Budget Make a Huge Impact

JELD-WEN pairs design innovation with low maintenance in this stunning new product offering.

The Premium™ Vinyl Multi-Slide patio door dramatically opens up rooms to the outdoors, creating light, open space with up to six-panel units reaching 10 feet in height and 24 feet in width. Premium Vinyl construction means simple upkeep and more design possibilities for smaller budgets.

Available in non-impact (PG35 and PG50) and impact (wind zone 3 and 4).
